

RIMSHA IRFAN

Software Engineer

irfanrimsha87@gmail.com | 03438737751 | [LinkedIn](#) | [GitHub](#)

OBJECTIVE

Software Engineering student at NUST (CGPA: 3.95) with hands-on experience in full-stack development using HTML, CSS, Flask, MySQL, and the MERN stack. Strong foundation in OOP, problem-solving, and team collaboration. Applying for the internship to contribute to live projects and grow into a full-time role.

EDUCATION

Military College of Signals, National University of Science and Technology (NUST) B.S Software Engineering CGPA: 3.95	2023 – 2027
Army Public School & College, EME Campus Pre-Engineering 92%	2021 – 2023

SKILLS

Languages: C++, Java, Python **Web:** HTML, CSS, JavaScript, MERN Stack, Flask **Databases:** MySQL, T-SQL, Supabase
Core: OOP, Data Structures & Algorithms **UI/UX:** Figma, Canva **Cloud:** Amazon AWS **Soft Skills:** Problem-Solving, Collaboration, Technical Writing

PROJECTS

Music Web Application : Full Stack (Flask, HTML, CSS, MySQL, T-SQL)

Playlist management, streaming, and secure data storage with Flask backend.

Flood Management System : MERN Stack

Real-time flood condition reporting and region management using MongoDB, Express, React, Node.js.

Interactive CPU Scheduling Simulator : Python, PyQt

GUI-based simulator for FCFS, SJF, and Round Robin with visual process flow.

DEVCON NUST Website : Frontend Contributor

Designed homepage as frontend team member. Live at devconnust.com

Code Sphere : UI/UX Prototype (Figma)

Responsive platform prototype with dashboard flows and simplified navigation.

SIPnSecrets : Full Stack (Flask, Supabase, React, Vite)

SIPnSecret is a decentralized, anonymous prediction market which is a campus rumor system solving the issue of false news spread and its verification.

EXPERIENCE & EXTRACURRICULARS

Buraaq Green Fellowship Program : Voluntary Internship	6 weeks
NUST Hackathon : Team Participant	NUST

Competed as a team member in the NUST Hackathon, applying software development skills in a timed competitive setting.

Software Society NUST : Organizing Team Member

Part of the organizing team for tech-related events at the university.

Active Kaggle contributor : hands-on datasets & ML experiments.

Git & GitHub Workshop

Hands-on training in version control, collaboration workflows, and repository management.

Machine Learning & Quantum Machine Learning Workshops

Explored fundamentals of ML and emerging quantum ML concepts; served as **Event Host**.

Guest Speaker Session : Mr. Ali Zain (Ideofuzion)

Hosted and facilitated session on industry practices and software innovation.

CodeQuest (Software Society NUST)

Organizing Team Member : Managed quiz segment for 1st-year participants, including MCQ evaluation and event coordination.
